“ I met Meshell through my ex husband. Got to know her and we became very good friends. She called me one day and said her boyfriend at the time had dropped her off at the house her grandmother gave her and that she needed me to come pick her up. So I went to Sumiton and picked her up. And she ended up staying with me for a long time. During that time we got very close she was like a sister to me. One day we was out and I was doing yard work and Meshell said watch out I think that's a snake I looked and it was and earth worm. And I told her it was and earth worm lol and she said well I didn't know it looked like a snake to me you know I normally am not out here with you while you do this I am a girly girl lol. We both laughed so hard. I love you Meshell and my heart is just broken that you are gone and I am gonna dearly miss you. But you are in heaven now my sweet friend/sister fly high with those Angels now. Love you always. Angel Reeves

“ *Meshell became my adopted big sister when she dated my cousin Denny, and I loved her, and looked up to her. The memory I will never forget is when she took her dad's Fiero, and we went to Century Plaza shopping. Then Darrel called about his car. I had never met this man nor did I expect him to have arms like Hulk Hogan and be so intimidating. I was scared to death he was gonna whoop both our butts that day, especially Meshells, cuz she was fierce that day. But his bark was bigger than his bite that day and we lived to see another day. Omg!, I'm gonna miss her so much. Meshell you will always be in my thoughts and forever in my heart. Tell my dad and my sister I love them and tell Denny and Sonya life hasn't been the same without them.*

“ When I heard this news, my heart broke. I hadn't seen you in quite a few years. I had asked your dad everytime I seen him, How you were doing. I had to dig out the old pictures and I ran across this one in particular. It brought back so many memories. I will never forget you and all the fun wild times we had while you and Joe were together. It was always crazy outrageous things. That seems like an eternity ago. Me and mom talked about you often and wondered how you were. Fly high and Rest in Peace my sweet friend, my always, sister-in-law. Our entire family will always love you! Prayers for your family through this time.
