“ James, Chris and family,

Our deepest sympathy to you on the loss of your beautiful Mother. Your Mom was so special to me, she always made me laugh when I worked with her at Mountain Brook Club...But what she Always was to me was a loving friend that always knew how to help me with any questions I would have at work, whether it would be us working on the copy machine when it would have a paper jam...Everyone always knew if you saw Betty or Marcy at the copy machine, we were going to fix the machine for everyone and we would laugh the whole time we were fixing the paper jam. Betty was my bright star at work who I loved from the moment I met her. Your Mom, your Aunt Joann and Your Cousin Angi were ones who treated me like family from the moment we all met...our laughter, love and happiness meant the world to me and I will forever remember your Mom's love and hugs. I met you mom at work, but our friendship went far beyond there...all of us going to lunch together, your Mom, Joann and me going to the movies together and laughing thruout the movie or just getting together by phones calls..We always had so much fun being together. My heart is hurting today because I should of done more for Betty and I apologize to you for not seeing her more...but Your Mom will live on in my heart forever. A beautiful angel entered Heaven today and I know she is loving all of us from above and Betty is making Heaven smile and laugh....She loved the Lord and showed me what loving the Lord means in our lives. I loved your Mom like a Sister and I will miss her forever, but she will always be in my heart. Praying for your family and I know Your Mom and Dad are together loving and smiling over all of you with love forever. I love you all and my life was changed forever by Your Mom...I will miss and love her forever.

Love,

Marcy, Craig and Mike Thomas
