“ Bruce basically set me on my career and I will forever be grateful for that. He encouraged learning and asking questions. He made work and learning fun. Ever patient with his techie protégés. He was a good example on loving your work and your family and being passionate about whatever you set out to do.

“ Paw,

What can I say about a man that was so much to do many...?

I have struggled to find the right words to say and today they don't come easy.

You were a wonderful husband for almost 41 years to beautiful Jean, Father to Michael and Tim, Father In Law To Autumn and for a brief time my father in law (My favorite 😊) , Paw to Audrey, Felicity, Liam and Opal .

And so much to so many people .

I remember Jean telling me how you got out in the snow with the flu the day Audrey was born and finished her crib just so it would be perfect in time for her to come home.

That's just the kind of man you were.

You gave me my love for Star wars , A bigger appreciation for fireworks, Shared my nerdiness for Stargate and Star trek.

You were one in a million Paw and words can't even begin to describe the pain of this loss we feel 💔.

I know you are With Tim, and Your Mom and Dad and I have no doubt you are resting with Our Father as I type this.. If you see mine say Hello for me.

Keep watch on Jean, Michael and All of the Kids they all sure do miss you so.

You rest up and we have it from here!!

I love you so much Paw and I'll miss you but, I'll see you.
