“ *I attended school with Denny for 12 years. During our early years our class always had Room Mothers that assisted our teachers with the parties we would have for Christmas and Easter. Mrs Roberts and several other Mothers(mine included) were always there for us. She cared enough to help and make sure we had a good time. That did and always will make her a Special Lady to me.*

“ *Doris and I were not close friends, but when we got on the telephone together you would never have guessed it, We shared most of the same ideas about family, religion and politics. We were busy raising our kids and working when we were younger therefore, very little communication. Sometime ago, she gave me a pink Confederate Rose that I cherish, and when it blooms, I will think of Doris. Kids your Mother loved you. Rest in peace Doris. Bobbye*
