“ *Eva Raie Russell, you were a beautiful soul inside and out. I'll forever cherish our 13 years of friendship. When you were 15 and being taught to drive, vanilla iced coffee with 3 extra pumps of vanilla, taking you on your first beach trip, how you purposely smacked in my ear & swished your drinks, I will always remember the good times, your quirky traits and the memories we share. I catch myself wanting to pick up the phone to call or text you and haven't quite figured out how I'm going to be "okay" after this one. Please watch over us, be with us all who are still here on Earth because I know you're in a much better place now. I love you ❤️ I pray that you have internal peace.*

“ *She was a special person just like her mother and grandmother (Dale). I had the pleasure of babysitting her when she was little. She will forever be my "Lucy". Prayers for her family.*
