“ *You began as my mother-in-law. You left as my best girlfriend. My life would have been incomplete without you, because God used you to give me my husband and children. I will greatly miss taking care of you and shopping with you. No one will ever fill my front passenger seat like you did. I have never been so thankful for how much Kevin resembles you. I am so thankful that I will see a glimpse of you through him the rest of our days.*

*Loving you and missing you until we meet again,*

*Michele Kelly, your daughter*

“ Evelyn was my sister-in-law but she was more then that, she was a sister to me. I have loved her from the day we first met. She had a wonderful smile and a laughter like no one else. I have been crying since I got the news. But I know she is in heaven with our other loved ones and what a celebration they are having. I am sure she met Jesus and he held her in His arms and welcome her home. While it hurts us here on earth to loose her, we are seperated for just a short time, but will all have our reunion with her and our other loved ones someday soon. Bye for now my dear sister till we are together once more. Love always, Brenda (Kelly) Mendenhall

“ I began a relationship with you when you were only a mother-in-law. You became my best girlfriend when we needed each other most. I am a little empty without you, but can look at Kevin and see some of you everyday. I have never been more thankful for that resemblance. God used you to give me my husband and my children. Without you my world would have been incomplete. I miss you sitting beside me in my car. I miss taking care of you and shopping with you. I will never love a friend like I love you.

*Forever missing you and loving you,*
