“ *Geeber.... How I love that name! It brings back so many memories of family members and times gone by... Of beautiful Easter dresses with tiny hats and small white gloves....Easter egg hunts on Tante's lawn... adults on the front porch speaking a combination of French and southern English as the sun went down ...and all us kids chasing the inevitable fireflies.Thank you for all those memories and ,more importantly, thanks for being such a rock for me as my family members declined.I could always depend on you to " tell it like it was.".....and I could always depend on a warm welcome and a place at your holiday table. I loved you and will greatly miss you.*

“ *When Garry and I were married, the first thing she said to me was, "Now I've got my little girl back". She was always so good to me and treated me just like her daughter. She depended on me and I depended on her. I love you, Geneva. You will always be my other mother. Karla*
