“ *I always enjoyed seeing Uncle Jerry when he would visit. We live in Upstate New York so it was a special occasion when he would visit us. When I was 7 years old Uncle Jerry came to visit us in Massena, New York. He brought a battery-operated helicopter for me with him. This was one of the best gifts that I ever received. My parents could never afford to buy such a nice gift. He was always generous, loving and kind to me & my family. I will always cherish the memories and will keep them close to my heart. I will miss him very much. We are praying for the Avery family for peace, comfort, strength and healing. Jesus said in Matthew 5:4 - "Blessed are those who mourn, for they shall be comforted." I love you & Jesus loves you, Your Nephew Tim*

“ I hold the memories of my Uncle Jerry close to my heart. I was only able to see him on rare occasions because I live in Upstate New York, but each time he visited us it was a special time to remember. When I was 7 years old my Uncle Jerry came to visit us in Massena, New York. He brought me a battery powered helicopter which was one of the best gifts I had ever received. My parents could never afford to buy an expensive gift like that. He has always been so generous and kind to me. I will always cherish those memories!

“ Two memories... when I was a little girl and before carseats, I was riding in the car with my big brother, Jerry. I was standing on front seat. Someone pulled out in front of him and he slammed on brakes. I went to the floor unharmed. He was so mad. He stopped the car and got out to have a little "talk" with this person. I can still see him yelling at that person. Afterall he had to protect his baby sister. That was in the late 50s.

Other memory... as adults whenever he called me he would always start the conversation with... Hi You Brat!! And he always ended our conversations with... please try to do good.

I'm doing good Jerry. Rest in peace. I love you, Bobbi Jean
