“ *Jay and I worked together for many years. He was one of those people whose judgment mattered a great deal to me in my career. Jay devoted his life to serving and helping others. He was highly intelligent, hard working and had a keen sense of justice. He helped so many people and never seemed to care about receiving any credit or recognition for his efforts. He was a man I greatly admired and I will sorely miss him and his leadership. Walker County has lost a great man.*

“ *Jay and I served together as young NCO's in Special Forces. He was a good friend and a great soldier. After serving his country Jay returned home and attended law school. Always helping others he then served the people of Walker County. I shall miss his counsel very much but most of all I will miss his true friendship. Prayers to Linda and Children.*

“ It is with true sadness and heartfelt sympathy to learn J had passed away. Our condolences are offered to the family.

After joining the National Chapter of the American Legion, I received an invitation to become a member of Post 9, in Walker County.

This invitation was from J and was welcomed with open arms. To me it was reassuring to make a friend of J and to be a valued member of Post 9.

I will always be thankful for the assistance and leadership advice I received from J during my disability award. J was a telephone call away and very respectful of the Members of Post 9. The U.S. Military has lost a hero, Post 9, the American Legion has lost a true Leader and we as members have lost a friend.

J's family and friends are in the thoughts and Prayers of our family.

BA

James always was straight forward and forthright. I appreciated that about him. While he worked at the District Attorney's he pursued justice in every instance and afterward became a champion for Boys State and veterans programs in our community

James was truly a great American citizen. Thoughts and prayers to his family
