Jason Derek Miller, age 42 of Brookside, passed away on March 26, 2021. "Derek, as we all called him, was a great guy. He was known to be a good electrician and extremely hard worker. He loved God!! Even though he struggled and had some tough times, Derek still took time to reach out and help others along their journey in life. He loved his dad and all his family so very much. “Derek appreciated the little things in life more than anything and I believe that’s why a lot of people loved him and of course for many more reasons. He had the biggest heart he loved to help out other people even if it meant putting himself last. I would always tell him to be careful and take care of himself and he would always tell me I will. Derek just enjoyed seeing other people happy and if it was him that put a smile on someone’s face then it made him even happier. Derek could walk into a room full of strangers and some how some way he would be friends with all of them by the end. He seriously had a way of connecting with everyone.

My greatest memory with Derek would have to be I remember telling him to take the time and stop and smell the flowers. So he sent me a picture of a flower he had smelled as it was gorgeous. I had to research this flower and when I did it gave me goosebumps because we had just lost our mother. What this flower represents is so awesome I felt like it was a sign from my mom to Derek. Now this flower will always remind me of Derek and our mom. I love you Big Brother and will always cherish the memories we made.

Love always, Your Baby sister
