“ I will never forget when me and Paula would get together to study for our nursing exams Jon was always watching free willy ! He was obsessed with that show, Jon and I would sing it and I would lay on the floor and he would get on my back and hold his hands out , I was Willy and he was the little boy, I actually have a picture of us doing that somewhere , you will be missed Jon, give my best friend a hug and tell her I love her ! 💔

“ Big Jon....He and Matthew were as tight as two brothers could be. I remember when Matthew was broke down on the 78 highway and when we got there, Big Jon was there trying to help him get his car running again. Big Jon wasn't leaving Matthew stranded there by himself. That young man really impressed me that day and he's had a special place in my heart since then. Oh Big Jon this world just lost a beautiful soul. You have a special place in my heart. Give my boy a hug and tell him I love him.

For as long as I can remember Jon has had a place in our family. From getting up at 2 am to meet his mama at Beagle Club Road because he wanted to go home, baseball games, beach trips so many memories of him he was just another son. He knew I loved him and I knew he loved us every memory will have a meaning even more important now. I love you Jon Roberts. Christine Haynes
