I didn't know about your passing until it was too late to make it to the funeral and for some reason you have been heavy on my mind today. You were one of my favorite people at Foodworld and I wish I could have told you that in person. Working with you was so much fun. But there is one thing I want to apologize to you for and I hope I get the chance to do that someday. I'm sorry and I'm sure you know what it is. I love you girl and I miss you and hope to see you soon
