“ The best memory I have of Kathy is when we were kids growing up. I always looked forward to going to fairs and being asked to go with her, Geraldine, and Delaney to places I never got to go with my family. Times we would ride our bikes, play in the creek, and visit each other...those were the days! Kathy was very pretty, popular, and always seem to get the boyfriend she wanted. We both got married and went our separate ways and didn't stay in touch as much as we would have liked. She has been through a lot over the last few years from what I have heard. I'm sending lots of thoughts and love to her family. I know she dearly be missed.

I remember my cousin as one of the prettiest, kindest, affectionate person I knew. She always greeted me with a smile and a hey baby every time we saw each other. I remember spending the night with her often when I was a little kid. I know she's had a lot of heartache and loss over last few years but she is whole healed and with her husband, children, grandchildren, parents. What a welcoming she had. Not to mention my Mom who thought the world of her. They are all together again, but her presence I know will be missed by her children and grandchildren. May the peace of God be with you all.
