“ *I will always remember how Bobby had a gathering of friends and family over Labor Day weekend. I had such a great time talking with him and visiting with all of you. He was very special to have this happen. He knew his time on earth was short and wanted us to rejoice in his presence having the time to eat, talk and reminisce. I can see him now in heaven visiting with all the Carrils. He is now at peace. Love , Aunt Shirley*

“ *In times like these I am reminded how precious life is, and how limited time can be. Bobby would call me at least once a year, and we would catch up on each others lives, laugh and bitch about...whatever. I always enjoyed those calls and felt good after reconnecting with him.*

*Bobby and I once worked the same job site at the Birmingham airport. We would get a chance to see each other for short periods during the work day, and sometimes be able to sit for a little bit and talk, or eat. It made me proud to be working the same site as Bobby; because having family there made it special. That's one of my favorite memories.*

*Thanks for thinking of me in your life Cuz, you will be greatly missed.*
