“ *Such a precious baby girl who had already captured many a heart including mine! This family gave her more than I'm sure she would have ever had but the most important was that they gave her love & a very special family! Her little face & big dark eyes just made me fall in love with her immediately! It excited me seeing her grow and gain weight! I'll never forget one picture of her looking up & smiling at her family!!! She knew she was loved even tho she couldn't say anything and now she is with our Lord and Savior Jesus Christ having the best of times in heaven!!!*

“ *My granddaughter Noelle was a precious light in this dark world. She could capture and melt your heart with a single glance from her big, brown, eye that danced with delight and her sweet, sweet smile that brought unabashed joy to your little corner of the world. I thank God for bringing Noelle into our lives even if it was only for a short while. Grandma loves you sweet girl always & forever!*
