“Gina if I had only known sooner I would've been right there beside your side just like you were right beside me through the good and the hard times. I went and visited your grave site today. My heart broke, wishing I would've spent more time with you as we walk with the Lord now. I could've learned so much more from you. I hate that your gone and I'll never see that beautiful smile across your face again. Only till the day the Lord takes me will I ever be beside you again my friend. You and your son Ezrik will always have a special place in my heart. You know how much I love that kid of yours. But you Gina my friend, my heart breaks because I got to never spend time with my sister in Christ. All the Bible talks we had when, reading the word, I never understood until I went thru teen challenge and there my eyes were opened to all that you and Allen had spoken of. I'll never forget the loving moments, the bonds created, & the life God brought us out of and to give hope to others that were and are struggling with the same things the devil threw at us. I can't wait to see you on the other side, when once again my heart will be filled with love and peace. And with your beautiful voice, I know your singing praises now. I will forever love you and miss you till my day comes too.
