“ *Elbert Davis won my heart in 2002. My granddaughter who was born in January 2002 had a cyst or something show up on her chest at only two weeks old. She had to go to the hospital to be tested for meningitis which meant having a spinal tap, and I was just worried sick about it. Elbert came to the hospital and sat with me and my daughter and prayed with us the whole time we were there. I will never forget the kindness he showed me and my daughter that day, and continued to be a source for many prayers and thoughts and hugs whenever they were needed by me or my family. My granddaughter is now a healthy 21 year old. He will be greatly missed 🙏🙏*
