“ *Over 40 years ago our family came to Graysville to visit my father's brother Alvin Tuggle. My wife Bobbie and I were invited to stay with cousin Wayne and Kattie. Jeff was probably about age 9 and Holly about age 7. Holly's cheek was healing from a bicycle accident but it had not slowed her down one bit. Jeff was an active, fun loving 9 year old and we fell in love with both of them. I will never forget that trip as it proved to be eye opening to how wonderful a loving family can be. I believe it actually inspired us as to how our lives could be in future years. As years went by and our families grew, there were subsequent visits, calls during Holidays and the like, and I continued to admire, respect and love cousin Wayne. Through good times and bad times he stayed strong. There will never be another one like him, his humor, wisdom and social graces were unequaled. A special thank you to Becky, for all you did to make his latter few years happy ones.*
